Action Stations

LA Chefs is excited to offer these fantastic new Action Stations to enhance your menu! These stations are designed to be an enhancement to any Buffet Meal Selection, or Hors d'oeuvres Reception and are priced per person. They are not available by themselves as a meal selection.

Please note that adding an Action Station to your meal service will increase the time it takes your guests to make all of their buffet meal selections. They may not be suitable for events where a quick meal service is of priority.

A Chef charge per chef will be charged per station, Guest count over 100 guests requires a second station.
